

WOODGRAIN STEEL SERIES

ROUGH SAWN NATURAL CEDAR

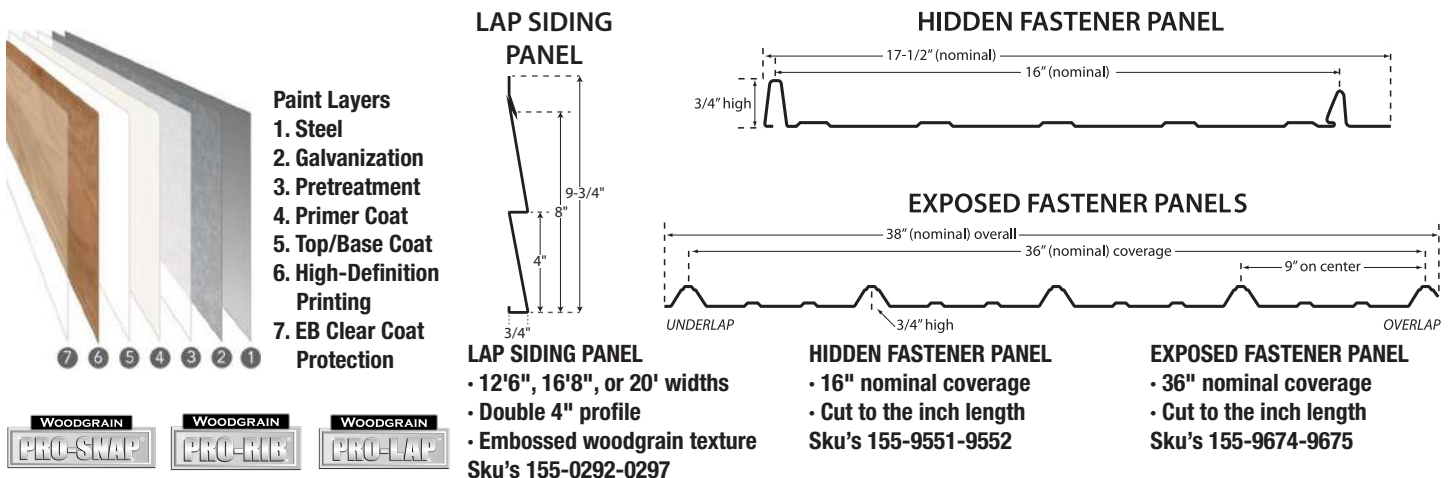

ROUGH SAWN GRAY CEDAR

The woodgrain steel series replicates rough sawn red cedar in natural and weathered gray print. These two prints are perfect for creating a distinguished look of quality on any wall, or adding a rustic touch as an accent panel.

- Steel panels that truly look like natural wood
- The endurance of steel at less cost than cedar
- Available in 2 wood grain prints
- Multiple layers of print to create woodgrain
- Virtually maintenance free - no need to stain or seal
- 20 year print warranty
- 28 Gauge Panel
- Actual .0157" minimum thickness before paint
- .018" nominal thickness after painting
- Galvanized protection
- Zinc pre-treatment
- ASTM-A653 Commercial Steel

DESIGNER STEEL SERIES

The Designer Steel series features enhanced matte paint technology that create a rich, soft appearance, while still delivering the performance and durability of steel. The Designer Series is perfect for any roofing or siding application.
